WALKER BOOSTING BAND RIGHT IN BIG FAIR ADVERTISEMENT

Secretary of Blue Grass Fair Says He
Is Going to Make the Maysville
Boys' Band One of Really
Big Features of Fair.

Our band is corral to get a lot of
the best sort of advertising during the
approaching summer by playing at the
biggest and best fairs in this section
of the country. The following letter
from the secretary of the Blue Grass
Fair shows what can be expected from
them:

"My Dear Mr. Russell: I suppose
you noticed I had the articles about
uniforms copied in local papers. Any
thing along these lines, I can use to
advantage.

"I am satisfied they are going to
look like a million few-milled dollars
and we are going to put them over
strong. I have contracted with several
amusement features that will help
swell the crowd and, altogether, I
feel that everything is progressing
satisfactorily to date.

"It will be sometime yet before I
need cuts for catalogue work, as I will
not put that to press before June.
Would like to have one or more of the
pictures, so I can select which one I
want cuts made from.

"I thought and hoped it would be
possible for me to get to Maysville
soon, but I will be forced to delay my
trip two or three weeks. I leave Mon-
day on a trip that will keep me away
about two weeks; then, I want a week
at French Lick before I begin the
'great grind' that means success for
the fair. However, I am going to get
down your way as soon as possible.

"If there's any thing you want me
to do to boost the band along, keep
me posted. KEN WALKER."

CREAM.

Swift & Co. are now ready to receive
cream at their station, 119 East Third
street. Phone 405.

FARM BUREAU CAMPAIGN HAS BEEN BIG SUCCESS

Many Have Been Added To Member-
ship Roll of Farmers' Organization
During the Past Week.

The Farm Bureau membership cam-
paign which has been on during the
past week has proven a decided suc-
cess and during the week more than
one hundred new members have been
added. Every day has seen more than
a score names added and the officers
and enthusiastic members of the bu-
reau who have led in the campaign
have been more than pleased with the
manner in which the farmers received
them and looked upon the organiza-
tion.

The campaign will not close with
the week but will be continued for
several days longer and every farmer
in Mason county will be given an op-
portunity to align himself with the
organization which has done and is
planning to do so much for them.

Just as soon as the active campaign
is closed, the newly elected officers
will adopt a definite program for ac-
complishment during the year and one
of the big things in the program will
be a successful Corn and Tobacco Fair
for next fall.

SUNDAY SCHOOL LESSONS AGAIN MAKE APPEARANCE.

Dr. J. J. Dickey, the beloved pastor
of the "Little Brick Church," who sev-
eral months ago met with a serious
automobile accident which has kept
him housed is again able to go to his
church in an invalid chair and preach
to his people. He is also enabled to
write his weekly comments on the
Sunday school lessons which were
greatly missed by the Public Ledger
readers. His first lesson appears in
today's issue.

CANDIDATES' EXAMINATION TO BE HELD ON MONDAY.

County Attorney H. C. Curran will
on Monday give the examination to
the prospective candidates for County
Assessor. All prospective candidates
must qualify in this examination be-
fore his name will be placed upon the
ballot and it is therefore very neces-
sary that all candidates take Monday's
examination.

SUIT BROUGHT TO COLLECT JUDGMENT DEBT.

Suit has been brought in the Mason
Circuit Court against the Maysville
Twine and Fly Net Company by Wil-
liam W. Reid, of Chicago, to collect a
judgment debt of \$4,504.37 awarded
the plaintiff in the Cook Circuit Court
at Chicago.

OVER 17,000,000 POUNDS ALREADY SOLD IN MAYSVILLE

Average for the Week is \$14.28 and for
the Season to Date \$15.33—Local
Market Will Go Over Twen-
ty Million.

Supervisor William Mitchell, of the
local tobacco market reported this
morning that during the past week a
total of 1,947,085 pounds was sold in
the local houses at an average of
\$14.38 per hundred pounds and the
season average to date is \$15.33 per
hundred pounds.

Early in the season local ware-
housemen thought that the local mar-
ket would hardly reach twenty mil-
lion pounds this season but in fact of
the present figures they have revised
their estimates considerably. The
market is going strong now and al-
though tobacco men are talking of the
closing date, no definite date has been
fixed.

12 DOCTORS, 7 DRUGGISTS BROKE DRY LAW, IS CHARGE.

Lelington, Ky., March 12.—Hearings
in the cases of twelve doctors and sev-
en druggists in Owensboro and Hen-
derson, charged with violation of the
rules regarding prescribing whisky,
will be held next week by inspectors
from the office of J. Sherman Porter,
chief prohibition inspector. It was an-
nounced here yesterday.

Ten doctors and five druggists will
be heard in Owensboro on Monday and
Tuesday, and on Wednesday two doc-
tors and two druggists will be heard
in Henderson.

MOTHER DYING, YOUTH IS PARDONED BY GOVERNOR.

Frankfort, Ky., March 12.—Governor
Morrow yesterday pardoned
Robert Smith, a Rowan county youth,
serving a one-year term for house-
breaking. He was sent to the reforma-
tory last September and would be eli-
gible to parole in a few days, but the
parole board may not meet for a
month and as his mother is in a dy-
ing condition the Governor said he
felt that the boy should be set free to
go to her.

BOYS FLEE CYNTHIANA JAIL.

Cynthiana, Ky., March 12.—Ellery
Arnold and John Edwards, convicted
last week of larceny and awaiting re-
moval to the Reform School, last night
escaped from the county jail here. The
boys managed to make a hole in the
cell wall and used springs from their
cots to form a ladder to scale the yard
wall. They have not been located.

BUSINESS SLOW IN BRACKEN CIRCUIT COURT.

Circuit Judge C. D. Newell is at
home from Brooksville where the
March term of the Bracken Circuit
Court is now in session. Things have
thus far been rather slow during the
term although the grand jury has been
quite busy and many judgments have
been returned.

BURSOM TO SUCCEED FALL.

Albuquerque, N. M., March 12.—
Governor McComb announced yester-
day that he would appoint H. C. Bur-
sum United States Senator to succeed
A. B. Fall. Bursum is Republican Na-
tional Committeeman for New Mexico.
His home is in Cocorro.

CITY SCHOOL BOARD HEAD ADDRESSES MEETING

President J. H. Samuel of City Board
of Education, Addresses P. T.
A. Meeting.

The meeting of the First District
Parent-Teachers' Association yester-
day afternoon was a very interesting
affair. A good crowd was present and
a splendid program was carried out.
Mr. Caplinger gave an interesting re-
port of the National Educational As-
sociation held in Atlantic City, from
which he has just returned. He pre-
sented the value of the Parent-Teach-
ers' Association to the school as it
was given by Dr. Claxton and Mrs.
Lathroy at the N. E. A. Then Dr. Sam-
uel, President of the City School
Board, and the principal speaker of
the afternoon gave a splendid address
on "The Care of Children." He pre-
sented both phases of the care of a
child, "the mother's care of the child,"
and also "the teacher's care of the
child." It was a very valuable and
interesting address containing many
strong points that could well be
"stored away" by both parent and
teachers. Following Dr. Samuel's ad-
dress, Mrs. Ben Pickett, President of
the P. T. A., read a very excellent
article on "Our Duty." The vote for
the flag was then taken, and it was
presented to Miss Opal Baugh's room
for this month, she having the most
parents present at the meeting.

WASHINGTON AND GEM NEXT WEEK.

The management of the Washington
and Gem theaters announce their pro-
gram for next week as follows:
Monday, afternoon at the Gem, eve-
ning at Opera House, Eugene O'Brien
in "World's Apart," and Selznick
News.

Tuesday, at Gem only, afternoon
and evening, Babe Daniels in "She
Couldn't Help It."

Wednesday, afternoon at Gem, eve-
ning at Opera House, Edith Hollow in
"Just Outside the Door."

Thursday, afternoon at Gem, eve-
ning at Opera House, Maurice Tourner
in "The White Circle."

Friday at Gem, afternoon and eve-
ning, and Saturday also, House Peters
and Jane Noraw in "Isabel at Trail's
End."

Saturday, at Opera House only, af-
ternoon and evening, Will Rogers in
"The Strange Boarder," also Mack
Sennett comedy.

Coming, Friday, March 25th, that
great film Verna Gordon in "Greater
Love."

COLD WAVE DUE.

A cold wave is on its way, W. C.
Devereaux, forecaster, said Saturday.
Temperature will be about freezing
Sunday morning and between 20 and
25 degrees at night, he predicted.

Rain and much colder weather were
forecast for Saturday night.

TAX COMMISSIONERS MEET HERE MONDAY MORNING.

The recently appointed board of
Tax Supervisors will meet at the of-
fice of County Assessor Brady at the
court house Monday morning for or-
ganization and will immediately begin
their duties of reviewing the tax as-
sessment of Mason county.

MANY ENJOY MUSICAL SHOW.

There was a good crowd at the
Washington Theater last night to wit-
ness "My Soldier Girl," a musical com-
edy. The show seemed to please many
although there were some complaints.

Captain Henry McClanahan is here
for a few days with relatives, having
brought the steamer Morning Star to
Cincinnati from Paducah. The Morn-
ing Star will be in the Coney Island
trade this summer.

PLANS ARE MADE FOR SUNDAY SCHOOL BANQUET MONDAY

Officers of Sunday Schools, Pastors
and "Live Wires" Will Meet
Around the Banquet
Board.

A very enthusiastic meeting of the
Executive Committee of the Mason
County Sunday School Association
was held last evening at the home of
Miss Mary Wilson. All members but
one were present. Final plans for the
noon luncheon and get together meet-
ing of pastors and Sunday school
workers next Saturday were made.
Many cards of acceptance are coming
in from different sections of the coun-
ty indicating that there will be a good
attendance. Those who have not mail-
ed their cards should do so at once. If
you don't the chairman will be right
after you next week and will not take
"no" for an answer. So send your ac-
ceptance at once.

The luncheon will be served at the
First Baptist church and will begin
promptly at the sound of the 12
o'clock bell, and will continue just
one hour and thirty minutes. The
church will be open all day so any
who wish may drop in at any time.
Members of the county committee will
be at the church to welcome all vis-
itors. Come early and get acquainted
before the banquet begins.

Mr. B. H. Greenlee, county presi-
dent, will preside over the luncheon
and be in charge of the program. Mr.
Carl S. Kirk, superintendent of the
Adult Department will speak. Mrs. J.
H. Wells, county secretary, will give
a report of the actual standing of our
county in Sunday school matters.

Miss Mary L. Wilson of the State Com-
mittee, will present the plan of or-
ganization, and J. H. Richardson,
Superintendent of Administration, will
present the goal for the To-Sunday-
School-Day and the financial budget.
Time will be given for open discus-
sion. Out of these talks and the dis-
cussions it is expected that plans for
a great advance in the work will be
made. It is the earnest desire of the
association to place Mason county
where she should be in Sunday school
work—right up with the leading coun-
ties of the state.

REMOVAL SALE.

While they last we save you from
\$10.00 to \$20.00 on a Pathé Photo-
graph. Complete line to select from.
A. CLOONEY, Jeweler.

KNIGHTS OF COLUMBUS MAY PURCHASE HOME

Important Meeting of Maysville Coun-
cil Knights of Columbus Sunday
To Talk Over New Home
Proposition.

Maysville Council Knights of Co-
lumbus is seriously considering the
purchase of a home, according to an-
nouncement made this morning and
a very important called meeting of
that organization will be held at their
hall in the O'Keefe building Sunday
afternoon at 2 o'clock when this mat-
ter will be discussed. Every member
of the council is urged to be in at-
tendance.

For some time this matter has been
under consideration and many are of
the opinion that now is the proper
time to take steps toward the secur-
ing of a permanent home.

It appears that several of the local
fraternal organizations are now anx-
ious to purchase homes. The order of
Eagles recently appointed a special
committee for this purpose and since
the Elks are taking on so much new
life, it is probable that they too will
be thinking of owning their own home
soon.

RED MEN TO GIVE GIDDY SHOW FOR POOR'S BENEFIT

The Red Men had a general re-
hearsal of their minstrel last night
and those who are looking in upon the
rehearsals say that the show promises
to be a very good one. The show is
being given by the Red Men for the
sole benefit of the poor of the City
Mission and the order will not make
a penny on the performance.

IS NOTARY PUBLIC.

In the Mason County Court Friday
Mr. R. N. Stickleby produced his com-
mission from the Governor as a
Notary Public and he qualified with
E. T. Kirk and A. G. Sulser as surety
on bond.

PRAYER MEETINGS TO BE ANNOUNCED SUNDAY.

Plans for the cottage prayer meet-
ings during next week have not as yet
been completed and full announce-
ment for the week will be made at the
First Baptist church Sunday at the
worship hours.

City Attorney Charles L. Daly will
return Sunday from Hot Springs
where he has been for the past five
weeks on account of his health.

OIL INSPECTOR- SHIP INVOLVED IN FEDERAL ACTION

Oil Company Brings Suit In Federal
Court Centending State Oil
Inspection Act Un-
constitutional.

The fate of the oil inspectorship in
Kentucky is involved in a suit which
has been filed in the Federal Court at
Louisville attacking the constitution-
ality of the oil inspection act. The suit
was brought by the Evansville Oil
Company against John T. King, Coun-
ty Attorney of Trig county, and Den-
ny P. Smith, Commonwealth's Attor-
ney of the Third Judicial District, af-
ter they brought 103 suits against the
company on charges of violating the
law.

The suits of the county officials
charge that the company sent many
individual shipments of oils into Ken-
tucky without having them inspected
by an authorized inspector of the
State of Kentucky. It also charges that
they were not inspected while in trans-
it.

A temporary injunction, asked to
prevent the officials from starting 500
additional suits against the company
already has been granted by Judge
Walter Evans.

Because three clauses of the Consti-
tution of the United States are invoked
by the oil company in the suit, three
Federal Judges, one of them a Judge
of the Federal Court of Appeals, will
have to listen to the arguments for a
permanent injunction.

March 17 has been fixed by Judge
Evans as the date for hearing the ar-
guments.

The case is known as a "three-judge
case" in law parlance.

CHILD PAINFULLY BURNED.

Although painfully burned, the lit-
tle two-year-old daughter of Mr. and
Mrs. Charles Shirley is recovering at
their home on Gillman avenue, at Mt.
Oriskany. Friday evening, just before
dusk, the mother was called from the
room in which the child was. When
she returned a short time later it was
found enveloped in flames, which
must have ignited its clothing from
the fire in the stove. Dr. Matthews
was summoned and he found that the
child was painfully burned upon the
left arm and left side of the body. Re-
lief was given as quickly as possible
to relieve the child's suffering.

THE DAILY PUBLIC LEDGER

Published Every Afternoon Except Sunday By
THE LEDGER PUBLISHING COMPANY
At the Public Ledger Building, East Third Street.

CLARENCE MATHEWS, Editor and Manager
Entered at the Postoffice, Maysville, Kentucky, as Second Class Mail Matter
RATES IN ADVANCE: By Carrier or Mail, \$3 per year; \$1.75, Six Months;
40 Cents per Month.

OUR POLICY:

To support such measures as are unquestionably for the good of Mason county as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

ENCOURAGING BABIES.

Children have not gone out of fashion, fortunately for the world, even though some apartment house landlords and other people seem to be under that impression. Children are still coming to such an extent that it even pays to provide for their housing. Several city apartment houses have advertised recently that they would rent to families with children, and now the owner of the Cappala apartments in Pittsburgh even announces that the first baby born in them will bring to its parents a month's rent free. Whether the unmarried and the childless will be admitted is not stated, but in any case they will win no free-rent prizes.

"Why," asks the Springfield Republican, "should there not be apartment houses constructed and maintained for people who wish to raise families and who do not wish to take up their residence in a suburban or a run-down city district? Is there any reason why the best appointed apartment blocks in the most desirable locations should be monuments to a vanishing birth rate? The model apartment house with such a purpose would have nurseries and play rooms; it would have a roof garden with swings and sand piles and fresh air and sun shine; it would have elevators that would accommodate baby carriages and down-stair hall space to park them in; it would have nurses with whom for a consideration a mother might leave a youngster on necessary occasions. Perhaps it would have sound-proof walls. And why shouldn't such an apartment pay?" Whether such developments be practical except in the case of wealthy parents or not, there are very many lonely old people who bitterly regret that they did not have children and now in consequence have no ties with the young.

HOW TO TREAT A BURGLAR.

What ought you to do when you wake up in the night and find a burglar in your room? This question has been variously answered. A Camden, N. J., girl answered it by lying still and keeping the corner of one eye open and then, when the burglar had crossed the hall to another room, by getting up quietly, grabbing her "gun," taking careful aim and neatly bringing down the game. An excellent plan—when it succeeds. But if the Camden girl had not had a chance to get her gun, if she had not known how to shoot and had missed, what then? She might have been hurt, and if she had been a man she might now be dead. It is even questionable whether her sex would have lessened her risks. A burglar eager to escape a prison term might be indifferent to things so unimportant at the moment as sex.

Some people hold that if you are a man you should get up and fight. Others contend that you should lie still and play "possum" even if you are a man. Still others advise yelling to arouse the neighbors, but obviously this is as risky as fighting unless first you have been able to put a locked and strong door between you and the burglar. "Don't shoot burglars," advised a government representative when addressing an audience recently. But some people will continue to shoot, some will go on lying still, while others will shout for help as before. In each instance what is done will depend on the individual concerned and the impulse of the moment. Doubtless there are many persons who think they know precisely what they would do, but some of these will be more fully informed and better acquainted with themselves after an experience.

SLEEPING SICKNESS.

The mysterious disease so named first appeared in this country in the winter of 1918-1919 and is believed to have been brought from Europe where cases developed as early as 1916. But not until this winter did the plague spread to any extent. Between January 1 and February 18 of this year 417 cases were reported in this country, and 95 of these have resulted fatally. The cities reporting cases and their number are as follows: New York, 187; Chicago, 120; Boston, 28; Detroit, 24; Cleveland, 18; Scranton, 20; Springfield, Mass., 10; Baltimore, 10. Up to February 18 the forty-eighth death had been reported in New York, but the local health authorities were said to be coping successfully with the malady and to expect decrease rather than increase in the number of cases.

It is important as well as interesting to learn that sleeping sickness "often starts with a bad cold," is not likely to have serious results "unless persons neglect to take the usual precautions against colds," and that "prompt treatment" checks its progress. It is also well to know that in the cities where the disease is prevalent the physicians urge all possible preventive measures. Citizens are advised to avoid persons suffering from colds, to stay in the open air as much as possible, to dress warmly, and to mingle in crowds no more than necessary. Washing the hands and mouth in disinfectants after being in a crowd is also recommended. It is gratifying to hear that physicians are not greatly alarmed because "the disease can be prevented by the simplest means and is not contagious in the ordinary sense."

MEDITATE AN HOUR.

It is a truly great philosophy that Walt Whitman, American poet, left as his legacy to the world. He it was who wrote: "I loaf and invite my soul."

There is never a person but that some time in his life needs self-communion. A balancing act is there, of the profit and loss of his account with himself.

We are prone to smile over the old-fashioned "hour of meditation." And yet it is living, not life, that has changed. We are the same; in our weakness or strength, in capability or limitations.

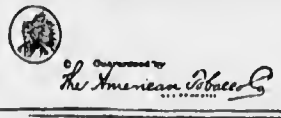

But living is more complex, more strenuous, especially for women.

We are making history at the rate of a year a day if we compare these times with all the ages that have gone before. If your grandmothers needed intervals of solitude, do not we?

Self-knowledge is a positive essential of success.

JUNIOR RED CROSS ENROLLMENT LARGER IN THIS DISTRICT

Great Army of Youngsters Join Junior Red Cross in Cleveland District—Many Schools Represented.

Almost twice the size of the peacetime standing army of the United States—01, to be exact 315,106—is the enrollment to date of Ohio, Indiana and Kentucky school children in the Junior Red Cross.

These figures, reported from Lake Division Headquarters of the Red Cross in Cleveland, are based upon returns from 2129 school buildings in the three states which have been enrolled during the present school year.

The boys and girls of the Junior Red Cross, whose total membership throughout the United States runs into several millions, are being trained to lead lives of the greatest usefulness when they assume the responsibilities of citizenship in the years to come.

The duty that each bears to the other is being clearly impressed upon these future citizens through the most interesting lessons in mutual helpfulness and service. The school children of the Junior Red Cross are learning how boys and girls live in other parts of their own land and in foreign countries. They are helping to bring cheer into the lives of children less fortunate at home and abroad by turning their hands to the shaping of useful articles which are given as expressions of true brotherliness.

Thus is being fostered a spirit of unselfishness and helpfulness which can not but mold these juniors into the highest type of citizens. In their study of civics the members of the Junior Red Cross are being helped by the practical training they are receiving, so that it no longer is a "dry" study but one in which they can take the deepest interest.

Through correspondence with other members of the Junior Red Cross on this side of the Atlantic and in the countries swept by the war these boys and girls are being brought to a realization that "it's a small world, after all." The correspondence, conducted under the direction of their Junior organization, is giving them a most interesting insight into the conditions of life among children of many foreign countries.

In the betterment of their own communities Junior Red Cross boys and girls are playing a valuable part, aiding in clean-up movements, helping to conserve the bird life of the country by building and erecting little houses for their feathered friends, preparing themselves to render first aid and in countless other useful ways.

During the recent Fourth Red Cross Roll call the Juniors were most active in obtaining members for the parent organization in many communities.

CYNTHIANA MARCHANT SAYS GOODS STOLEN.

Newport, Ky., March 11.—M. Goldberger, clothing merchant at Cynthiana, Ky., Thursday identified a suit of clothes and a suit case that the police

FOR TORPID LIVER

Tennessee Lumberman Talks of His Successful Use of Black-Draught for Colds and Headaches.

Jamestown, Tenn.—"I have used Theodor's Black-Draught for years, in fact it is the only liver medicine that does me any good," says Mr. L. A. Ragan, a well-known lumberman of this place. "When I was single, I used it for headaches, and especially if I got a cold and feel feverish, I take a good dose of Black-Draught, and it sets me right."

"Since I have been married, I have used it in my family, and never have found its equal for torpid liver or disarranged stomach, especially with children. I can recommend Black-Draught, and gladly do so."

Every member of the family occasionally needs the assistance that Black-Draught can give, in helping to cleanse the system and relieve or prevent the troubles that come from a lazy, torpid liver. If your liver is not doing its duty, you may suffer with headache, constipation, biliousness, indigestion, etc. Unless relief is obtained, serious sickness may result. In its long and successful use, Theodor's Black-Draught has been found in thousands of cases to relieve such disorders, by stimulating the liver to do its important work. Ask for Theodor's Black-Draught, and insist on the genuine. NO-127

say had been pawned in Cincinnati by a man who was arrested Wednesday night and registered as Samuel F. Carter, of Cynthiana. Goldberg told the police his place was robbed a week ago. Carter has been bound over to the Campbell grand jury on charges of carrying concealed weapons and having burglar tools in his possession.

The nickel wealth of New Caledonia is surpassed only by that of Canada.

In Finland many women are employed as hands in saw mills.

Your Problem

the more carefully you consider the problem of an ideal executor or trustee of your will, the more likely you will be of naming this bank. WHY?

BECAUSE

It is big and fearless.
It is never "out" and takes no vacation.
It cannot be moved by pleas or frightened by threats.
It has wide experience and can never "disappear."
It conscientiously carries out the wishes of testators.
It will outlive the longest trust and is paid only what the courts allow.
It keeps in close touch with investment markets and gives valuable advice to beneficiaries.
It makes prompt and complete reports to the County Courts.
It never "forgets"—It is never obliged to say "I don't think."
It treats all matters in its care as sacred and confidential.
It is never "too busy" to attend to the duties of its trusts.
It has distinguished, reputable, well-known officers and directors and a capital, surplus and undivided profits of over \$430,000.00.

New York Letter

New York. — Manhattan has two brand new fads just over from Paris; ring watches and dolls. The certainly are innocuous sounding compared to some things which have threatened to hold our rfsney at times. The ring watch is, of course, the successor to the wrist watch. The match is about the size of the elaborate settings of the diamond and platinum "dinner rings" with which we have been deluged in the past few years, with the hour hand less than on-quarter of an inch long. The dolls are carried in the arms of full-grown young women. And probably the more kittenish of the older one will be kidding them, too. They are the truly followers of the Teddy Bears, but they have this much reason for their existence; the disabled soldiers started making them in the hospitals of France, presumably for children. But because they were made in that way, they were taken up as an adult fad. And now they're here.

The Chifton, N. J., reformatory is better than a home with any husband on earth in the opinion of Mrs. Emma J. Press. And she ought to be fairly competent to speak, as her residence in the reformatory is due to a big, any charge. "I've had three husbands," she said, "but I'd rather be here than with the best one who ever lived."

Ellnor Glyn, who insists that he is much more domestic type of person than we have judged from her books, is going to have a moving picture of her daughter's wedding, since she couldn't be present to see it. The daughter is in England and Mrs. Glyn is here looking after her movie rights. So the film company for which she is doing scenarios, had the entire ceremony taken, as a gift to the mother, and she will see it here in another week—just two weeks from the day of the wedding.

The charge that Edward Tynes, of Yonkers, wore the same overcoat for twenty years is being used as evidence of eccentricity by nine relatives who seek to break his will. Tynes left an estate of \$250,000 to two women not related to him, which has both piqued and amazed his kin.

George Gray Bernard, the sculptor whose statue of Lincoln raised so much commotion a few years ago, has asked Charles S. Gilpin, the negro actor playing in "Emperor Jones" to become the central figure in a group which was suggested to the artists mind by one scene of the play.

New Yorkers candidly admit, as a general thing, that they expect to see anything on Fifth avenue, and that nothing startles them when it appears there. But traffic policemen don't seem to get so hardened to the unexpected as mere passersby. So one of them registered dismay one of the recent snowy days, when he helped up a girl who had stumbled into a snow-

WOMEN'S VOES

Maysville Women Are Finding Relief At Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidneys only that is endorsed by people you know. Mrs. E. L. Cullen, 322 West Second street, Maysville, says: "Three years ago I had an attack of kidney trouble and my back ached continually. I had no ambition to do my housework and everything seemed a drag to me while going about it. I had blinding, dizzy spells and my head ached all the time. My kidneys were not acting regularly and in other ways showed signs of disorder. Doan's Kidney Pills were recommended to me and I sent to Wood & Son's drug store and got a box. After using them I felt over the people entirely and have never since been bothered. I will gladly recommend this remedy."

Price 60c., at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cullen had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

PAINS IN SIDE AND BACK

Caused by Woman's Ills and Cured by Lydia E. Pinkham's Vegetable Compound

Grafton, Pa. — "I was troubled with inflammation and pains in my sides and back. After doctoring with different doctors and not getting relief, I had almost given up hopes when my sister told me of Lydia E. Pinkham's Vegetable Compound, and knowing that she had really been helped by it, I purchased it. I was unable to do my work at that time, but after taking several bottles of the Vegetable Compound I can now do anything about the house or farm that a woman should do. I have a four-months-old baby that is the healthiest and biggest baby for his age that I have ever seen. I am willing for my letter to be used for a testimonial to tell other suffering women how much your medicine has done for me, as I give Lydia E. Pinkham's Vegetable Compound all the praise." — Mrs. BLAIR L. FISHER, R.D. 1, Box 37, Grafton, Pa.

Working early and late—lifting, carrying, and the heaviest of household duties—is it any wonder that it results in backaches and kindred ills. But every woman who suffers as Mrs. Fisher did should profit by her experience and give Lydia E. Pinkham's Vegetable Compound a fair trial.

It's too early to know the result of the visit made the other day "back stage" at "The Champion" by fifty undergraduates of Drew Theological Seminary. But it's interesting to speculate on. The students are embryo ministers of the Methodist church and the church has in conference of its leaders voted against the inter-going. The visit to "The Champion" was made as part of a course in which one of the instructors endeavors to have the students learn something about the world in which they are to work; the factors which they are to work against as well as the other side of life. The watchmen the performance from in front and then went back stage, listened to an explanation of the mechanics of stagecraft, were introduced to Grant Mitchell and had their pictures taken with him.

LUCY JEANNE PRICE.

KENYON IS MIRTHFUL.

Washington. — Defense of Chairman Good, of the House Appropriations Committee, for his attack upon the notorious Muscle Shoals waste of government money and exhortation of Senator Underwood, of Alabama, for his defense of it, is made by Senator Kenyon, of Iowa. He says:

"The Senator from Alabama says that this Muscle Shoals proposition is going to become a great political issue. They are going to crucify the chairman of the Appropriations Committee of the House, who, I am sorry to say, is thinking of leaving the House. I hope he will reconsider now and stay there and keep on in this fight, for it is one of the best fights he ever made. We are told that we are going to have that as a campaign issue in 1922. In 1924 the Senator from Alabama may be leading the fight. He has threatened us with it, and it has not frightened us much. It is a better issue than the League of Nations, and maybe it is a wise thing for the Democratic party to rally around Muscle Shoals and free seeds, led by the distinguished Senator from Alabama."

"What a campaign that will be — processions all over the country, with banners reading 'Muscle Shoals and the 14 Fertilizer Plants!' 'Save the World for Buncombe, and Vote for Muscle Shoals!'"

Middlesboro. — Frink Fitzgibbon, of Cincinnati, representing Cincinnati and Indianapolis capitalists, who, it is said, are interested in the construction of a proposed new railroad from Middlesboro to Williamson, W. Va., held conferences with coal operators and later with operators at Pineville.

MAYSVILLE'S CHURCHES

Where the Religious Exercises Will Be Held on the Sabbath.
